

DETERGENT INJECTOR KIT REPLACEMENT

For Simoniz S3200 Gas Pressure Washer (with Kohler SH265 Gas Engine)

Canadian Tire Product : 039-8056-0

Model Number: XG01

Tools and supplies required: Wrench

Part Number: Click link to order [XG01-202-0000 Detergent Injector Kit](#) or see contact details below.

Difficulty Level (1-3): 1 (Easy)

WARNING: BEFORE YOU START

Accidental starts can cause serious injury or death. Before performing repair, make sure machine is OFF and disable engine by disconnecting spark plug wire. HOT PARTS CAN CAUSE SEVERE BURNS. DO NOT TOUCH ENGINE WHILE OPERATING, OR JUST AFTER STOPPING. Work on a LEVEL and FLAT surface.

STEP 1: Locate the Detergent Injector

STEP 2: Use a wrench to remove the Detergent Injector Valve found underneath the pump assembly. (Above photo taken from below). Careful not to lose the small ball that is held by the Detergent Injector Valve.

STEP 3: Unscrew and remove the Detergent Injector valve. Disconnect the tube from the valve to insert the new valve. Replace the new Detergent Injector by placing the Ball and Spring into the Injector as shown. The ball should be held in position by the Spring. Re-attach valve to machine.
